July 11, 2000

Sacramento River Conservation Area Board Members:

Tim Ramirez, Water Policy and Science Advisory from the Resources Agency, informed me that the Sacramento River Conservation Area Board members (Board) would like to receive copies of the "California's Water Future: A Framework for Action." Please find a copy enclosed.

As the CALFED Program transitions from planning to implementation, it's critical that we hear from local governments and landowners at regional levels in the Central Valley. I commend Board members for your support of the new non-profit that's been established, and thank you for investing your time.

If you have any questions or comments, please do not hesitate to call me directly. Since Tim works with the CALFED Program and attends your Board meetings, he is also a good person to answer questions. I look forward to working with each of you and the Board.

Sincerely,

Steve Ritchie
Acting Executive Director
